funding_sources_transit (Single Choice Visual Grid)

There are several potential funding ideas for raising the money needed for new or improved levels of public transit and roads/bridges/highways in the GTHA. Thinking first of public transit... For each of these potential funding ideas, please tell us whether each choice is acceptable or unacceptable to you. Please assume ALL of the new revenue would be spent on improving public transit infrastructure, and not on anything else.

	Increase HST by 0.5% from its current rate of 13% to a future rate of 13.5%	Introduce an annual regional (GTHA) vehicle registration fee of \$60	Increase property taxes by 2% (approximately \$50-75 per year for the average household within the GTHA)	Increase transit fares by 15% over the next three years	Reallocate a portion of existing revenues collected by the provincial government	Increase developer charges on new construction by 15%	Increase corporate income tax rate by 0.5% from its current rate of 11.5% to a future rate of 12%	Increase the gas tax by 5 cents from the current rate of 14.7 cents per litre to a future rate of 19.7 cents per litre	Introduce a business-owner parking space levy of 25 cents/day or about \$91/year per space	Allow vehicles with only one person to use highway High-Occupancy-Vehicle (HOV, or "carpool") lanes for a toll of 30 cents/km (also called "High Occupancy Toll" or HOT lanes)	Increase personal income tax rate by 2% on taxable income above \$150,000 from the current 9.15-13.16% to 11.15-15.16%, depending on total income.

funding_sources_roads (Single Choice Visual Grid)

There are several potential funding ideas for raising the money needed for new or improved levels of public transit and roads/bridges/highways in the GTHA. Thinking first of road/bridge/highway infrastructure... For each of these potential funding ideas, please tell us whether each choice is acceptable or unacceptable to you. Please assume ALL of the new revenue would be spent on improving road/bridge/highway infrastructure, and not on anything else.

	Increase HST by 0.5% from its current rate of 13% to a future rate of 13.5%	Introduce an annual regional (GTHA) vehicle registration fee of \$60	Increase property taxes by 2% (approximately \$50-75 per year for the average household within the GTHA)	Increase transit fares by 15% over the next three years	Reallocate a portion of existing revenues collected by the provincial government	Increase developer charges on new construction by 15%	Increase corporate income tax rate by 0.5% from its current rate of 11.5% to a future rate of 12%	Increase the gas tax by 5 cents from the current rate of 14.7 cents per litre to a future rate of 19.7 cents per litre	Introduce a business-owner parking space levy of 25 cents/day or about \$91/year per space	Allow vehicles with only one person to use highway High-Occupancy-Vehicle (HOV, or "carpool") lanes for a toll of 30 cents/km (also called "High Occupancy Toll" or HOT lanes)	Increase personal income tax rate by 2% on taxable income above \$150,000 from the current 9.15-13.16% to 11.15-15.16%, depending on total income.

more_likely_support (Single Choice Visual Grid)

Here are some possible ways to implement new investment. Overall, would you support or oppose one or more of the ideas we asked you about earlier to fund improvements in the GTHA's transportation systems if...

	...they went into a dedicated fund that could only be used for transportation?	...some of the money was spent on roads, highways, and bridges?	...some of the money was spent on improving existing transit service?	...you saw some benefits right away?	...the money collected in your city/region was only spent on improvements in your city/region?	...some of the money was spent on improving walking and cycling?
